Professional Summary

Computer Science graduate (2026) skilled in Python full-stack development with Django, building secure, database-driven web applications. Hands-on experience developing AI-powered applications with real-time communication, asynchronous processing, and local LLM integration. Seeking a Software Developer / Python Full Stack Developer role to contribute to scalable, real-world software solutions.

Technical Skills

Programming Languages: Python

Backend: Django, REST APIs, WebSockets

Frontend: HTML, CSS

Database: MySQL

AI/ML: Ollama, Qwen 2.5 (3B)

Tools & Platforms: Redis, Celery, Git, GitHub, VS Code

Soft Skills: Analytical Thinking, Team Collaboration, Communication, Adaptability, Time Management

Experience

Python & Machine Learning Trainee

Sep 2025 – Oct 2025

Embrizon Technologies

- Completed one-month hands-on Python training covering programming fundamentals through instructor-led classes and coding exercises.
- Developed a **House Price Prediction** project as part of the internship, applying Python to a basic machine-learning use case.
- Prepared and presented a project PPT documenting the approach, implementation, and outcome of the House Price Prediction project.

Projects

AI Interview Co-Pilot

Python, Django, WebSockets, Redis, Celery

- Built a real-time **AI mock interview platform** using Django, WebSockets, Redis, and Celery.
- Generates **role-specific interview questions** from the candidate's resume and job description, enabling a five-question personalized interview workflow.
- Implemented asynchronous background processing with Celery and Redis to support responsive interview workflows.

TraceLens – AI Code Debugger

Python, Ollama, Qwen 2.5 (3B), MySQL

- Developed an **AI-powered code debugging platform** using Python, Ollama, Qwen 2.5 (3B), and MySQL.
- Built a Code Studio that identifies **error location, root cause, and corrective fixes**, with integrated Python curriculum and performance tracking.
- Integrated local LLM-based code analysis to provide contextual debugging explanations and actionable fixes beyond standard compiler tracebacks.

Education

Malla Reddy Institute of Technology and Science, Hyderabad

2022 – 2026

B.Tech in Computer Science

CGPA: 7.7

Sri Chaitanya Junior College, Hyderabad

2020 – 2022

Intermediate (MPC)

93.4%

Gautami Group of Schools, Hyderabad

2019 – 2020

SSC

CGPA: 10

Achievements & Certifications

- Academic Achievement:** Maintained an overall **7.74 CGPA** in B.Tech Computer Science.
- AI Development:** Built an AI-powered mock interview platform integrating Django, WebSockets, Redis, and Celery.
- AI Development:** Developed **TraceLens**, an AI code debugger using Python, Ollama, and Qwen 2.5 (3B).
- Python Programming Certification** Aug 2025
- Machine Learning with Python – Embrizon Technologies** Sep 2025 – Oct 2025
